Play a board game*	Keep the TV off all morning*	Keep the TV off all afternoon*
Go to bed by 9 PM*	Get up by 8 AM*	

Activities with a \* can be earned more than one time per day because they may need to be done more than once or because more than one person can earn it. For instance:

- "clean a bedroom" can be earned more than once because we have more than one bedroom for kids to sleep in
- staying in the chapel during Sacrament meeting can be earned by each child who stays in the chapel.
- Plus, we have more than one trash can that can be taken out.
- Reading for an hour can be earned for each hour each person reads. If Caleb, Jared, and/or Isaac reads 4 hours, each boy earns 4 beans as long as he tells Mom when he starts and stops. He needs to be in a place where he is easily seen so that Mom knows he's not goofing off while getting credit for reading.
- Playing outside for an hour isn't just sitting in the dirt doing nothing. Running around, jumping on the trampoline, etc is important because exercise helps us to be healthy more and sick less.
- Some activities need to be completed individually, while others can be done as a team. For instance, cleaning a room could be completed by more than one person. When the room is cleaned, all those who helped will earn a bean because we want to promote team work.
